Y. M. C. A. Meeting.

Nothing was done but another meeting was called for 4 o'clock this afternoon when some definite action must be taken.

Baptist Sunday School.
The Sunday school of the First Baptist church is increasing all the time in attendance, as well as collection, and much interest is being manifested. The total number present Sunday was 301, an increase of forty over the number a year ago and of thirty over the previous Sunday. Every one is invited to attend this school and to help it in its efforts to reach high marks.

THE INTERURBAN SYSTEM.

The interurban railway system, proposed by the Eastern Texas Traction company, will be the best enterprise this Greenville can get. There are two special advantages to which attention is called. One is that the interurban will bring money into Greenville that is not made here at all. It will bring more money into the city than will remain here than it will take out. Hence it will add to the amount of money in the city. Any enterprise that does not add to the amount of money in the city is of no special advantage, only in so far as it may be the means of circulating it. An enterprise that takes more money out of the city than it brings in is a detriment. The interurban will be a good distributor of money, and, at the same time, will have this special feature that the bulk of the money it brings into the city will not go into the treasury of the company, but will be expended by its patrons who the other business enterprises in the city. The other advantage is that the interurban will become a large tax payer, and we need more tax payers. It will gather about it its funds from non-residents and hence the money it pays for taxes will not all come out of the pockets of the residents of the city.

Mr. R. M. Chapman, in charge of the bonus fund assigned to Greenville. In accepting this work, he and the members of his committee, have undertaken something that will prove the best enterprise ever before undertaken here. Mr. Chapman and his committee are entitled to the good will and hearty co-operation of every citizen.
